

## ***Church Partners-Philippines***

### **BUILDING GOD'S KINGDOM TOGETHER**

*"Therefore, openly before the churches, show them the proof of your love ..." II Corinthians 8:24*

### **HOW IT WORKS**

The Philippine Assemblies of God has more than 3,000 churches, many of which do not yet have their own building. They are also involved in an aggressive church movement to plant 5,000 new churches by the year 2010 in order to reach the country for Christ. There is an urgent need to construct church buildings.

In a country of more than 82 million souls spread over 7,107 islands, starting new churches and constructing church buildings is **a task only God's Spirit-led people can accomplish!**

To make the task easier, each church construction project will be **built from a standard pre-fabricated "kit" costing about \$7,500.** This kit provides the footings, posts, trusses, and roof for the new church.

Under partnership guidelines, the planted church must obtain the land to be eligible for the "kit". Then a team of national workers missionaries and US-based construction teams erect a **brand new functional church building, in only a few days, ready to meet people with the Gospel!** The local church will also be responsible for pouring the floor, putting up walls, and making windows and doors after the basic structure is built.

This is a true partnership in building God's Kingdom that will help us to reach more Filipinos for Christ.

## **HOW YOU CAN HELP**

Together, we can accomplish more than we can apart.  
Here's how you can help:

- *Prayer*
- *Monthly Pledge*
- *One-time Gift*
- *Sending a Missions Construction Team*
- *Raising funds for a church "kit" (\$7,500).*

To help you make an informed decision, we've set-up a website that lists the projects in each region on the Philippines most in need, *plus*, we've included all the U.S. churches, who have partnered with the Philippines' church in this endeavor!

We are excited about what God is doing in the Philippines and we're thrilled that you may come and join us as we...
